Who
we are

SILLA CORE VALUES

SILLA CORE VALUES are composed of 3 types of values that conform to the mindset and behavioral standards that all members of SILLA must possess.

Challenges & Creative

SILLA's history is one of challenges. We strive to think outside the box and seek new methods.

SILLA CORE VALUES

Internal stability & Righteousness

We focus more on what's inside than out, and our management is based on the basic fundamentals and principle.

Trust & Co-prosperity

We place our faith in people and grow alongside them to contribute to the society and the nations.

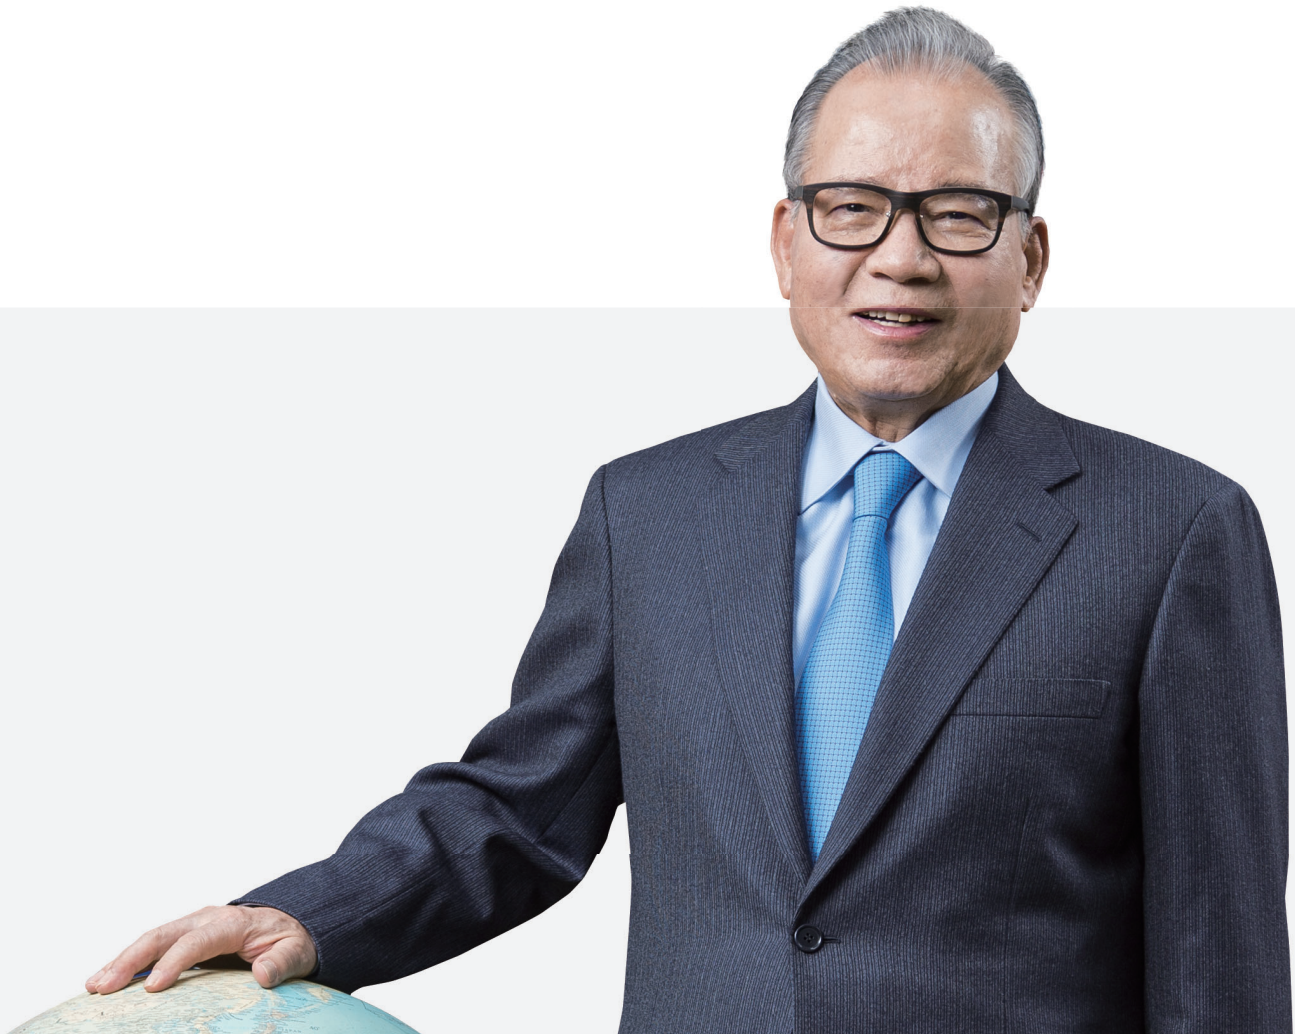

Greetings

Message from top management

Chairman message

The sprit of SILLA is the one that welcome challenges without fear of changes. We must always stick to the basics and remain true to our principles, and carry out righteous management. People are the foundation of corporations. Thus, we must trust and work alongside people. Further, we must contribute to the development of the nation and society as members of the society.

Park, Joon-Hyung
SILLA GROUP Chairman

Greetings

Message from top management

Vice Chairman message

Since our founding in 1967, SILLA GROUP contributed to grow while overcoming numerous trials and hardship. We have advanced into various fields including deep sea fishery, metal distribution, food manufacturing, automobile press die, and services based on our challenging sprit and pioneering spirit. Now we are truly raising the status of a global company. SILLA GROUP will lead the way in discovering new growth engines and pioneering new markets for the continued growth in the future as well, and will develop into a company with internal stability aiming of social values based on law-abiding and transparent management

Park, Sung-Jin
SILLA GROUP Vice Chairman

Greetings

Message from top management

CEO message

Having successfully accomplished its 50 years of voyage with our dedication of challenges and pioneering spirit, now SILLA GROUP has embarked on the 2nd phase of its journey with a newer look toward a 100-year enterprise. SILLA HOLDINGS, the holding company aims to establish a future growth foundation with maximizing synergy effect between the affiliates and qualitative growth, thereby SILLA GROUP will develop into a global innovation corporation. All of our executives of SILLA HOLDINGS will strive together to grow into a great company that gives dreams and hopes to employees and coexisting with our partners.

Shin, Yong-Mun
SILLA HOLDINGS CEO

We introduce you our deep sea fishery fleet, which works hard to catch fish in the rough seas

Fishery and Food

SILLA SG

Established in 1977, SILLA SG has continued to grow for 40 years.

The company's main business is sausage OEM manufacturing based on the Busan plant and livestock distribution business based on the Seoul main office.

In 2016, it acquired DONGPYO, a canned food manufacturer, and is developing into a global comprehensive food manufacturing and distribution company.

SILLA S&D

SILLA S&D professionally distributes and sells various food products such as Dongpyo Euljiro Sea Snail, Gaeko Muktae, and other imported marine products.

COSMO SEAFOODS

Established in 2011, COSMO SEAFOODS operates the largest canned tuna manufacturing facility in West Africa, located in Tema City, Ghana. The company produces European famous brand tuna cans in OEM method, using fresh tuna caught off from the coast of Ghana and the Atlantic Ocean, by its affiliate PANOFI's fleet as the main raw material.

DONGHWA FRESH PRODUCE

Established in 1977, DONGHWA FRESH PRODUCE is a wholesale market corporation that collects and sells agricultural products from production areas at the Garak-dong Agro-Fisheries Wholesale Market. In 2019, the company was acquired by SILLA, and incorporated as a group company.

Non Luxurious Company (NLC)

Since its inception in 2021, NLC has acquired the master franchise rights for Popeyes in Korea and currently manages directly-operated outlets and franchises.

What we do

Metals and Manufacturing

Metals and Manufacturing

WONIL SPECIAL STEEL

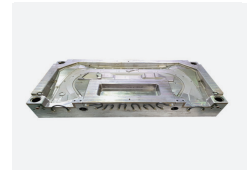

Established in 1977, WONIL SPECIAL STEEL was listed on the KOSDAQ in 1994 to become one of the representative companies of SILLA GROUP. The company is growing to go beyond Korea and become the global No.1 special steel distribution company through continuous innovations.

Products

Board materials

SILLA Steel Division

SILLA started its steel distribution business as part of its business diversification in 2008, and is currently supplying it to various industries and expanding its scope to SILLA GROUP's steel business.

HAEWON FORGING

Established in 2004, HAEWON FORGING is a specialized forging company that produces core parts for marine engines, and possesses unrivaled technology enough to obtain all manufacturing approvals from MAN, a German company, recognized as a global standard in the shipbuilding industry.

BM STEEL

Established in 2001, BM Steel specializes in manufacturing shafts, gears, and rods for automobiles and supplies products to companies such as Hyundai Wia.

WONIL STEEL VINA

Founded in 2020, Wonil Steel VINA cuts and processes raw materials supplied by SeAH CSSCorp, SeAH Besteel, Hyundai Steel, and Doosan Heavy Industries & Construction, and sells them throughout Vietnam.

Metals and Manufacturing

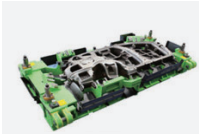

SILLA ENGINEERING

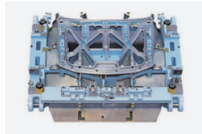

Established in 1987, SILLA ENGINEERING is a manufacturer of automobile press die and mold bases for injections, and has persistently worked to develop new technologies, train talented individuals, and bring about innovations in cost control. Following our USD 20 million export tower in 2012, The company became the first company in the industry to be awarded USD 50 million export tower award in December 2014 to win recognition for the highest level of technology.

VISION HILLS

A famous spot for prominent figures, VISION HILLS is a membership golf club with 18 holes, which began operating in June 2000 after 10 years of preparation and construction period starting 1988. Located 30 minutes from the Gangnam region of Seoul, VISION HILLS is easily accessible, and possesses fantastic natural landscapes that meld with the 590m tall Mt. Baekbong, thus winning the accolades from many golf aficionados. The golf course is continuously developing into a luxurious golf course that is unrivaled by any other in the country.

KWANGJANG AUTOMOTIVE

Established in 2009, KWANGJANG AUTOMOTIVE started with the 3,300m² of main showroom and service center located in Bundang, Gyeonggi-do, and now expanding its business to Suwon Gyeonggi-do, Wonju Gangwon-do to practice customer-oriented service.

SILLA DARANGWON

SILLA DARANGWON, a food and beverage brand made by SILLA, is trying to deliver better taste to customers through continuous development of new menus.

Vision 2030

SILLA GROUP is expanding our business areas into Asia recently based on successful advancement into the South Pacific and Africa. In the future, we will continue to truly grow into a global company by making advancement into North America, South America, Europe, and the Middle East as well.
